REBUILDING HEALTH AFTER ANY ILLNESS

Getting Well Means Gaining trength AWholesomeTonic The getting-well stage of grip,

oneumonia or other illness is the most dangerous of all because the body, weakened by the disease, is wide open to attacks of other birking germs. That is why all the organs of the body must be kept in their best working order, not only to drive out the poison left by the disease, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system.

As a means toward good health after any illness Father John's Medicine huilds up the body because it is all pure wholesome nourishment and free from opium, morphine, chloroform or other poisonous drogs or alcohol. Father John's Medicine has had 60 years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.

Because of its body-building, strength-giving food value, Pather John's Medicine is an ideal family medicine for all who are weak and run-down Advt.
